GERMAN DELEGATION

COCOM DOC. 3813
Paris, December 9, 1959

MEMORANDUM BY THE GERMAN DELEGATION
ON THE EXPORT TO BULGARIA OF TUNGSTEN WIRE

The German authorities have received an application to license the export to Bulgaria of

4000 m = 10 kg tungsten wire,
valued at 480.- Dollar

The wire is covered by item 1668 since its tensile strength amounts to 60 g/mg with a diameter of 0,40 mm, i.e. 400 micron.

The wire will be shipped to the electrolamp plant in Sliven where it will be utilized for the production of lamps used within the cinematographic field.

In view of the civilian end-use and the small quantity involved the request is presented within the framework of the de minimis procedure (see Cocom Doc. 3620, para 12 b). The German delegation would appreciate to hear the views of governments at an early date.
